

Study title

The Timbre Explorer: Test your perception of tones and sounds

Researchers

Joseph Rome Innes Cook and Joshua Ryan Lam supervised by Dr Charalampos Saitis

Queen Mary Ethics of Research Committee reference number:

QMERC20.316

Thank you for your interest in this research.

Should you wish to participate in the study, **please consider the following statements.**

Before submitting the consent form, you should **ensure that you agree with all of the following statements.**

By doing so **you confirm that you are willing to participate in this research**, however you are reminded that **you are free to withdraw your participation** at any time.

- I confirm that I have read the **Participant Information Sheet** for the above study; or it has been read to me. I have had the opportunity to consider the information, ask questions and have had these answered satisfactorily.
- I understand that **my participation is voluntary** and that **I am free to stop taking part in the study at any time** without giving any reason and without my rights being affected.
- I understand that **my data will be accessed by the researchers.**
- I understand that **my data will be securely stored** in GDPR compliant cloud and physical servers in London, UK and in accordance with the data protection guidelines of the Queen Mary University of London in fully anonymised form.
- I understand that **I can access the information I have provided and request destruction of that information** at any time **after I complete the study.**
- I understand that **the researchers will not identify me in any publications** and other study outputs using personal information obtained from this study.
- I understand that the **information collected about me will be used to support other research** in the future, and it **may be shared in anonymised form** with other researchers.
- I **agree to take part** in the above study.

Participants should read [Queen Mary's privacy notice](#) for research participants which contains **important information about your personal data and your rights** in this respect.

If you have any **questions relating to data protection**, please contact Data Protection Officer, Queens' Building, Mile End Road, London, E1 4NS or data-protection@qmul.ac.uk or 020 7882 7596.

The researchers confirm that we have carefully explained the nature, demands and any foreseeable risks (where applicable) of the proposed research to the participant and provided an electronic copy of this form.
